

Year 1 Autumn Home Learning Project

This term we will be investigating the past and how life has changed. One aspect of children's lives that has drastically changed is the toys and games they play with.

The children's Home Learning Project is to design and make their own board game. They could include some instructions on how to play the game too.

Completed home learning projects should be handed in by Monday 4th November 2024. I look forward to playing their board games in class.
