

Junk Model Houses in Reception

We used masking tape to join two boxes to make our house. We stuck brick paper on the cardboard boxes. We cut out and stuck windows and doors.

We used:
masking tape
cardboard boxes
PVA glue
tissue paper

Designing and making vehicles through junk modelling.

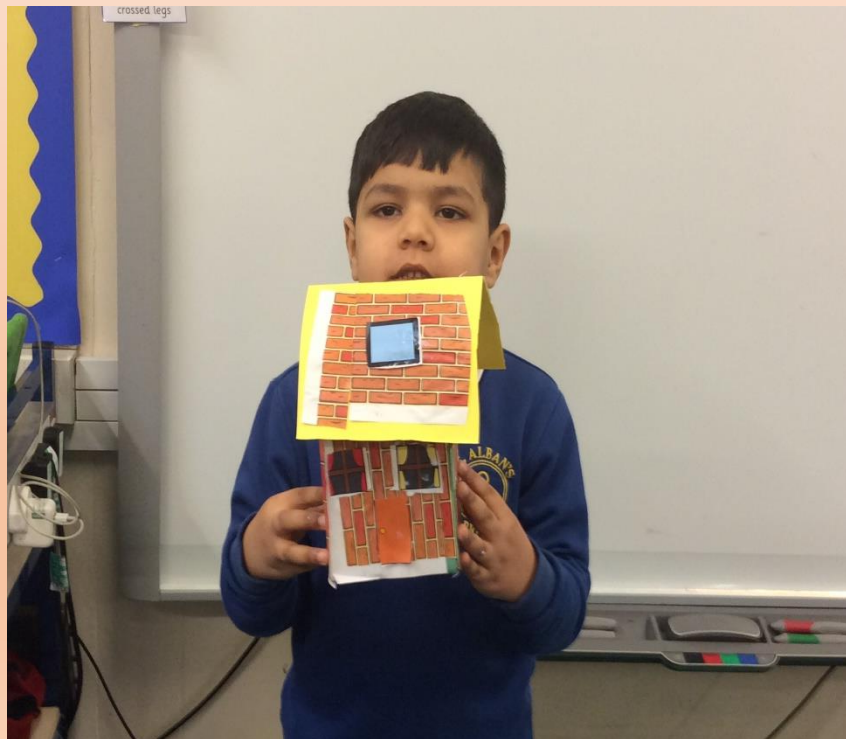

Look at my house!

I made a garden.
There is a fire
on top.

I made a big house. My house has a window and a door.

Look at my house!

Look at my Terrace house!

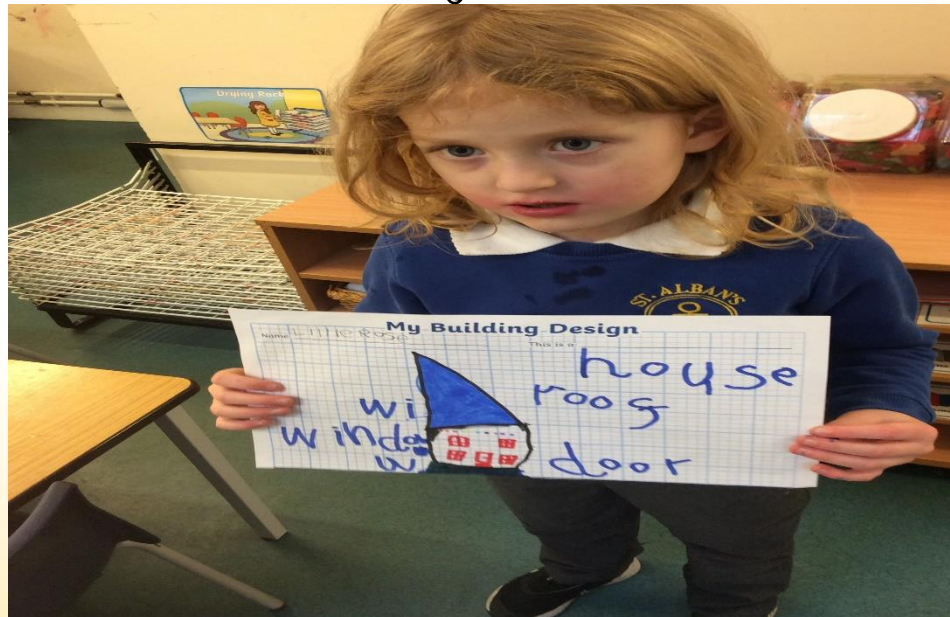

It is big and I love it.

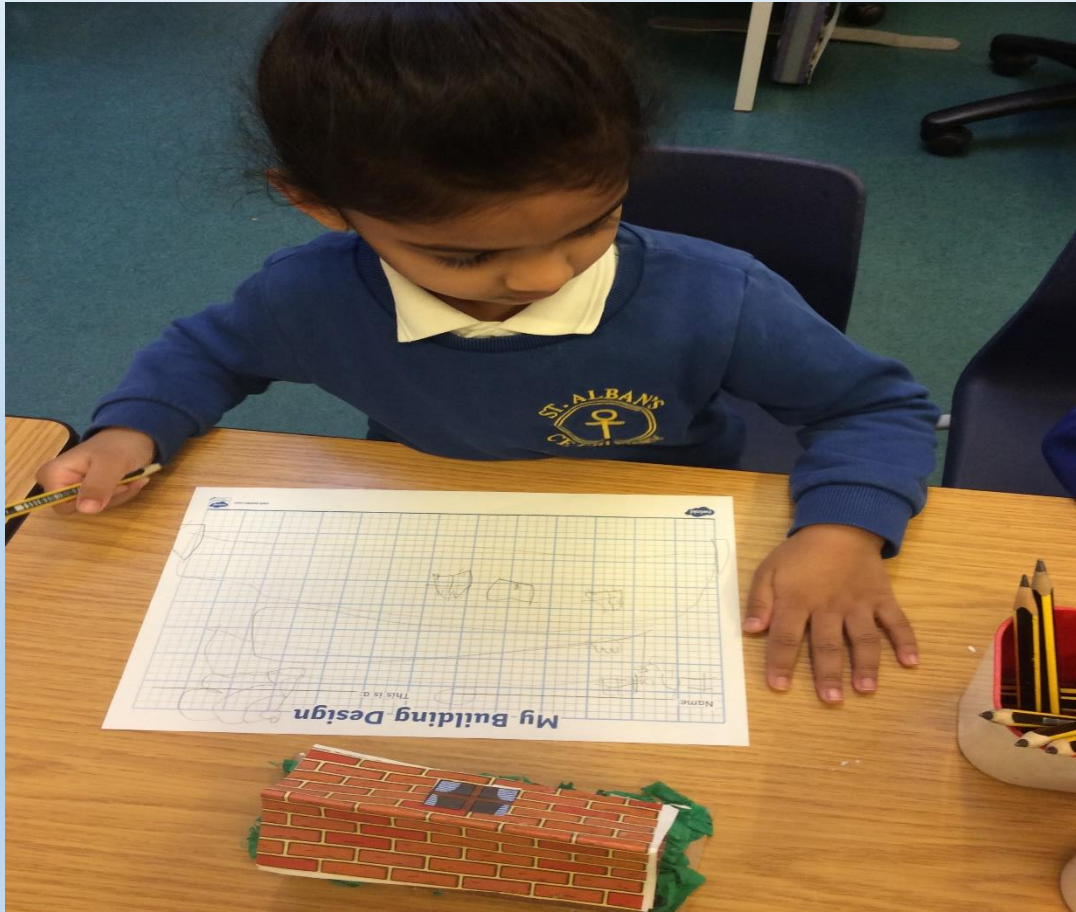

Look at my house!

I made a big house.

My house

My house is covered with grass.

This is a house.
